

Module 8 Exercises

Inside the Module 8 folder there is an Excel file called 'Football Worksheet Exercises'. Please use this file to complete the following Exercises.

1. Open the Football Worksheet Exercises file.
2. Using the 'Date' and 'Capacity' data, create a chart using one of the two methods demonstrated in the video. Use the first chart recommended.
3. Move the created chart to a new worksheet. Name this chart 'Football Chart'.
4. Perform the following actions:
Create a new line chart using the 'Date' and 'Capacity' data.
Change the chart type to a clustered column chart.
Add the 'Total Sales' as another data series.
Alter the chart style to a darker style (Style 8 is recommended).
Finally, change the Worksheet theme to 'Facet'.
5. Perform the following actions:
Change the 'Total Sales' chart representation to a line.
Resize the chart.
Change the chart background colour to blue.
6. Perform the Following Actions:
Change the 'Capacity' bar representation in the chart to red.
Change the left-hand Y Axis to have a minimum of '5000' instead of '0'.
Add Data labels to the 'Capacity' bar representation.
